OBJECTIVE

I am a motivated and eager young man looking to build my career in the Information Technology field with the prospect of working my way up in a company to finally reach my goal of becoming a cyber security specialist. I believe I have the skills, motivation and drive to be an asset to any business.

EXPERIENCE

November 2024 – TO DATE (part time)

Marketing - JR Promotions - Johannesburg

June 2024

FNB/RNB Job shadowing - Johannesburg

November 2023 – February 2024

Floor sales representative – Chamberlain - Johannesburg

My role and responsibilities for the above included promoting various brands, which required developing strong product knowledge, sales tactics and soft skills such as good listening and communication skills. My experience at FNB/RNB exposed me to real world technologies, career expectation, workplace dynamics in an office environment and current trend in the job and banking technologies market.

HOBBIES

I believe myself to be a well-rounded individual and spend my free time playing guitar, blacksmithing, hunting, hiking, and managing stress in the gym.
