OBJECTIVE

I am a motivated and eager young man looking to build my career in the Information Technology field with the prospect of working my way up in a company to finally reach my goal of becoming a Cyber Security Specialist. I believe I have the skills, motivation and drive to be an asset to any business.

EXPERIENCE

March 2026 – Current

Event Management Analyst – Klipboard (Formerly Kerridge Commercial Systems) - Johannesburg

November 2024 – March 2025

Marketing - JR Promotions - Johannesburg

June 2024

FNB/RMB Job Shadowing - Johannesburg

November 2023 – February 2024

Floor Sales Representative – Chamberlain - Johannesburg

My role at Klipboard was to maintain production and non-live systems for various international customers. I monitored their servers, gained valuable skills in overseeing large scale systems while working with international teams and working remotely.

My role at JR Promotions included promoting various brands, which required developing strong product knowledge, sales tactics and soft skills such as active listening and communication skills.

My experience at FNB/RNB exposed me to real world technologies, career expectation, workplace dynamics in an office environment and current trends in the job and banking technologies market.

HOBBIES

Playing guitar, hunting, hiking and boxing.

EDUCATION

NWU Potchefstroom Campus
2025
